

CALL FOR *JBIB* OPERATIONS EDITOR

The *Journal of Biblical Integration in Business (JBIB)* is searching for an Operations Editor to join the editorial team.

The Operations Editor would not be responsible for *JBIB* content, but rather would direct the delivery of the content into appropriate venues. He or she would work with the *JBIB* team to identify data bases and journal listings that the *JBIB* should be in, to assist with printing and other logistics, and to help guide the future of the *JBIB* in the fast moving academic journal industry. The *JBIB* Operations Editor should have an understanding of academic business journals, data bases, and electronic research.

If you are interested in this volunteer position, please send a copy of your vita and a letter detailing your interest and qualifications to: Yvonne S. Smith, Editor, *JBIB*, ysmith@laverne.edu.
